

# 2021 Virtual Firbush Retreat

Videos now available

## THANK YOU

Thanks to everyone who participated in the 2021 Firbush Retreat last month! It was a full program, with wonderful prayers and presentations, and great discussion. Videos of the prayers and presentations are available from the [main program page](#) (no log-in required).

Any comments or feedback would be most welcome for future planning. What sessions were most helpful? Did the technology raise any problems for you? How important was it to have the videos to watch at a later time? In the future, once we are meeting again in person, might we wish to open up some sessions for virtual participation? [Email us](#).

Remember, if you want to send a thank-you or follow up with someone, you can send a note to any participants who chose to display their email addresses on the [Participants List](#) (requires a log-in to view).

On behalf of all the regular "Firbush Retreaters" a huge thank you is due to the T. F. Torrance Fellowship for hosting the Retreat with support by webmaster Kerry Magruder. We could not have done it ourselves or attracted such a world wide audience. Particular

thanks to Kerry for his seemingly effortless overseeing of logistics and his presentation of a far reaching paper of such importance. We look forward to following it up in addition to exploring the riches of the T.F. Torrance website.

Best wishes to all, Bob Walker
